## **Dive Slates Launched**

### ***Latest project from Bernie Kyle Scuba Guide Mapping***

**April 9, 1999** -- Bernie Kyle, of Bernie Kyle Scuba Guide Mapping, is pleased to announce the launch of the new series of Scuba slates.

"I believe that these will be of great benefit to the diving community. Early sales figures indicate that these are very popular items," said company founder, Bernie Kyle.

These slates will be available for individual underwater sites or as part of the Ultimate Dive Slate. The Ultimate Dive Slate contains features such as:

- Individual waterproof pages
- Interchangeable pages
- Pencil and pencil holder
- Wrist lanyard

Endorsed by the Artificial Reef Society of British Columbia. Scuba Guide Mapping is the manufacturer of the world's leading maps for wreck and artificial reef diving.
